Information for Parents/Carers about 3-18
Gaelic Medium Education in South Lanarkshire

South Lanarkshire Local Authority provides 3-18 GME provision through nursery and primary school education at Mount Cameron Primary School (and nurseries), transitioning to secondary education at Calderglen High School.

Gaelic Medium Nursery Education

Children learn and play through the medium of Gaelic and follow the same curriculum as other English speaking nurseries in Scotland. If you would like your child to have pre-school education in Gaelic, you don't need to be a Gaelic speaker yourself!

Mount Cameron Primary School

In P1, P2 and almost all of P3, children are totally immersed in Gaelic language. This means that all of their learning is in Gaelic. Children in P4 - P7 continue to learn subjects through Gaelic, while more English language is introduced.

Calderglen High School

Close links between primary and secondary staff allow for effective transition between the stages of P7-S1. In addition to Gàidhlig, we also currently offer GME History, RMPS and PSHE to pupils in the BGE.

Family Involvement -
Our Learning
Community

We have a committed core of GME parents within -18 Gaelic Parent Council. We eagerly encourage new members to join us at one of our termly meetings!

*Parents/carers wishing to enrol their child/children in GME at Mount Cameron Primary, need to enrol their child/children at their catchment school and then complete a placing request.
A placing request form is available online or from the catchment school.*
