OPTIONS PROCESS THURSDAY 11TH JANUARY 2024

The Subject Options Evening is an essential event, and we strongly encourage all parents and students to attend from S2-S5. Making well-informed decisions about subject choices is crucial in shaping a student's educational journey and preparing them for future success.

Every faculty will be represented during the evening, with dedicated presentations and stalls to provide detailed information about the subjects on offer. Teachers will be available to answer any questions you may have and guide you through the decision-making process. This is a wonderful chance for you to engage directly with our staff and gain a deeper understanding of the curriculum, assessment methods, and potential career pathways associated with each subject. There is no need to register at this time.
